Memo to DCI from ADWheelon    Subj: DOD Budget preparations

Gene Fubini called last Fri to inform you, Gen Carter and me on eyes only basis of 2 events in DOD budget preparations:

- a. The DYNASOAR program has been firmly cancelled.

STAT

2. This latter program will not be included in NRO budget--Fubini wanted to make point of informing us before we heard thru other channels that NRO is being circumvented. He indicated mission and objective must be clarified greatly, and I concurred.

3. We had heard previously of the prelim planning for this system outside NRO scope and I regard Fubini's call as mainly an attempt to keep us better posted of goings on in Pentagon.
